Q3. How do I qualify for a Medical Card or a GP Visit Card?

We will look at your household income **after** tax, PRSI (pay-related social insurance) and the USC (Universal Social Charge) have been deducted. We also look at expenses like:

- rent
- mortgage
- maintenance costs
- mortgage protection
- house insurance
- nursing home
- childcare
- travel costs

If the figure we see after we take away expenses from your household income is less than the 'qualifying income limits', you and your family dependants will be sent a card. **Qualifying income limits** are financial guidelines you would need to meet to qualify for a Medical Card or GP Visit Card.

You can find further details on qualifying income limits on www.medicalcard.ie

Q4. If I get a Medical Card or a GP Visit Card, does it cover my family too?

If your family income falls under the qualifying income limits, the card will cover:

- you
- your spouse or partner
- your children under 16 years of age

Children who are aged 16 to 25 will get a card if they are receiving weekly income less than €164, and living with you or living away from you to attend school or college in the Republic of Ireland. They **must** fill out their own application form and send it to us.

Q5. I am aged between 16 and 25. How do I apply?

How you apply depends on your income. See which applies to you from 1, 2 or 3 below.

1. Is your weekly income **€164 or more**? You must complete all relevant parts of this application form.
2. Is your weekly income **less than €164** and your parent(s) or guardian(s) do not have a current Medical Card? They must complete all relevant parts of a separate application form and send it to us **with** your fully completed form.
3. Is your weekly income **less than €164** and your parents or guardians have a current Medical Card. You must complete this application form and include parents' or guardians' Medical Card number on page 7.

Q6. What if my household income is over the qualifying income limits? (see Q3 on page 2 for definition)

If this is the case, you and your family dependants may be granted a Medical Card or a GP Visit Card where you have difficult personal circumstances that cause you financial pressure - for example, a family member with a chronic illness. You need to send us evidence of these circumstances with your completed application form, for example, a medical report and medical expense receipts.

Q7. Will my savings and investments be taken into account when assessing my income?

It depends. We will not take into account savings or investments of amounts:

- up to €36,000 for a single person, or
- up to €72,000 for a couple.

We **will** assess any savings or investments above these amounts.

Q8. How do I apply for a Medical Card under European (EU) Regulations?

You can apply for a Medical Card under EU Regulations if you meet both of the following requirements. You and or your spouse and dependants are:

- insured under the social security legislation of another EU/EEA member state or Switzerland, so they are receiving a social security pension from that state or working and paying social insurance in that state, **and**
- not subject to Irish social security legislation. (You are subject to Irish social security legislation if you are receiving a contributory Irish social welfare payment based on PRSI contributors or if you are subject to PRSI in the Irish State. PRSI is pay-related social insurance.)

If you meet the above requirements, you can claim your entitlement to "Health Care under EU Regulations". See Part 4.

If you are a frontier or posted worker or pensioner or dependent on a person insured in another EU/EEA country or Switzerland, you can apply for a medical card under EU Regulations by:

- Completing an online medical card application and uploading your and / or your spouse and dependants S1 form issued by the EU/EEA member state or Switzerland.

Or

- Completing parts 1, 2, 3, 4 and 8 (doctor to complete) of this paper application and including a copy your and /or your spouse and dependants S1 form issued by the EU/EEA member state or Switzerland.

If you are a frontier or posted worker or pensioner or dependent on a person insured in United Kingdom, you can apply for a medical card under EU Regulations by:

- Completing an online medical card application and uploading a copy of a letter of old age pension confirmation from the Department for Works and Pensions Board (if you are a pensioner) or a recent payslip if employed instead of an S1 form from the UK.

Or

- Completing parts 1, 2, 3, 4 and 8 (doctor to complete) of this paper application and include a copy of a letter of old age pension confirmation from the Department for Works and Pensions Board (if you are a pensioner) **or** a recent payslip if employed instead of an S1 form from the UK.

If your spouse or partner and dependants are not covered for Health Care under EU Regulations but require Medical Card Eligibility, you must complete this application form in full.

Q9. How do I apply for a Medical Card if I am a non-EU/EEA or a Swiss national?

To apply for a Medical Card if you are non-EU/EEA or Swiss national, we need to establish your current immigration status to determine if you are eligible for state funded benefits. You will need to give us a photocopy of:

- your Irish Residence Permit (IRP) with current permission stamp number

and
